

QUALITY POLICY STATEMENT

The company is committed to operating a comprehensive quality management system in accordance with the requirements of ISO 9001: 2008 and which involves all staff and employees.

The quality management system will be regularly reviewed by both the board of directors, management and supervisory staff to ensure both its effectiveness and continued development. The objectives of the company are:

- To achieve good levels of customer satisfaction with minimum complaints measured through documented customer feedback and analysis of recorded complaints.
- To ensure all manufactured products meet applicable national standards measured through a continued process of testing and review of retained records.
- To ensure that all orders are in accordance with customer or design requirements measured through a documented record system.

For and on behalf of the board of directors

Robert.M.Faulding
Managing Director
